Assessment arrangements for RECORDING and Observing at funded non-maintained nursery settings

The '[Curriculum and Assessment \(Wales\) Act 2021](https://www.legislation.gov.uk)' (legislation.gov.uk) sets out the requirements relating to the design and implementation of curriculum and assessment arrangements.

As practitioners we have a duty to make provision about assessment arrangements. (a)The progress made by pupils and children (b)the next steps in their progression, and(c)the teaching and learning needed to make that progress.

In doing so, the following legislation 'Supporting learner progression assessment guidance' provides practitioners with the right to identify the progress being made by an individual learner, and **record** this, where appropriate, to understand the learner's journey over different periods of time and in a variety of ways. This includes developing an understanding of how a learner has learned, as well as what they have learned and are able to demonstrate.

Assessment arrangements support teaching and learning only and the '[framework for evaluation, improvement and accountability](#)' states that assessment should not be undertaken for accountability purposes. The purpose should be to better support children's learning and development and this is what we strive to do, at Cewri Bach Playgroup.

Flying Start offer

From the beginning of the term following your child's 2nd birthday your child can access 12.5 hours per week of free childcare if eligible. By agreement of commencement the setting have the right to complete assessments to monitor your child's development.

Arrival and collection

My child will be collected by a named and pictured adult as detailed on the registration form.

In the event that any other persons not named will be collecting your child, written instructions must be handed to the supervisor on that day.

In the event of illness / emergency I consent for any of the named contacts on this agreement to be contacted to collect my child. Parents/Carers are not permitted to enter the main room when bringing their child to playgroup unless the playgroup leader states otherwise. This is to ensure the children's overall safety.

Parents are not to see their children into the playgroup room until its arranged opening time. This is to ensure the safety of your child and our staff when large pieces of equipment are being assembled.

If you arrive early, please wait in the designated parent area.

The morning session finishes at 12.00 midday. Please arrive promptly to pick up your child if they are not staying on during the afternoon.

Holidays

Cewri Bach playgroup is closed during the school holidays.

Flying Start will operate during the holidays- Further information is provided annually.

Sickness

If my child is unable to attend playgroup due to illness, I will inform the playgroup leader. I understand that if my child is unwell, I should make every effort to keep them off playgroup to avoid contamination.

I understand that I still have to pay regardless if my child is unwell as session fees are paid in advance and non-refundable.

Emergency aid

I consent to any emergency medical treatment necessary during the running of the group. I authorise the play/care staff to sign any written form of consent required by the hospital authority if the delay in getting my signature is considered by the doctor to endanger my child's health and safety.
